

Updated Protocols

Effective April 19, 2021, all adults across the country, including the state of Florida, have been eligible to receive any FDA approved COVID-19 vaccine. With the widespread number of vaccines administered across the country, employee face coverings are no longer required. If you'd prefer service with a face covering, please let our host know and your server would be happy to cover up.

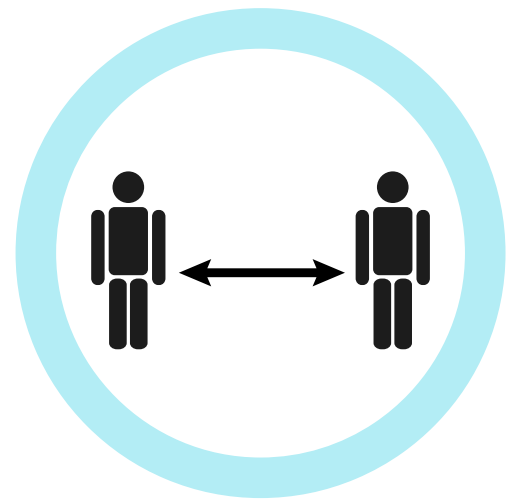

Please Observe These Best Practices

Wash Hands
Thoroughly

Use Soap or
Hand Sanitizer

Respect Distance
From Others

Additional Safety Measures

- Increased cleaning & sanitation measures have been implemented using high-grade disinfectants on common contact surfaces such as tables, chairs, menus, and restrooms.
- Contactless digital menus are available on your personal mobile device with our easy to use QR code.
- Hand sanitizer is available at dining tables & throughout restaurant.
- All employees are screened with the CDC's COVID-19 health evaluation tool and temperature checked before any shift.
 - Screenings are confirmed with green sticker ●
